REMARKS

Objection to Specification

The Office Action objected to the specification alleging that some words are written without spaces in between referring to claim 1, line 8 and page 15, second line from the bottom. Applicants have reviewed these portions of the specification and found that there are recognizable spaces between the words.

The specification is written with the text extending to both the left and right margins (full justification), and the PTO permits this format. One result of using this format is that words may sometimes be spaced slightly closer together. However, this does not mean that there is no space at all between the words. Applicants respectfully request the withdrawal of the objection.

In view of the aforementioned amendments and accompanying remarks, Applicants submit that the application is in condition for allowance. Applicants request such action at an early date.

If the Examiner believes that this application is not now in condition for allowance, the Examiner is requested to contact Applicants' undersigned attorney to arrange for an interview to expedite the disposition of this case.
